Keisha Oxendine, Atty. ....	752-1272

The town of Wallace is listed on the National Register of Historical Places. We are located in the Bitterroot Mountains surrounded by National Forests and State Land. Within minutes of Wallace you can find year round recreational activities.

There are two fabulous downhill ski areas. Lookout Pass, Idaho's second oldest ski area and Silver Mountain which has the worlds longest gondola that gets you to their slopes. Snowmobiling, cross country skiing, back country skiing and snowshoeing are other favorite winter activities with endless miles of adventure.

The Route of the Hiawatha, and The Trail of the Coeur d'Alenes are non-motorized trails, that will take you through some of the most breath taking country around. They were developed on historic railroad lines. Whether you hike or bike, it will be an experience you'll always remember.

ATV'ers, motorcyclist, and jeepers will enjoy unlimited riding possibilities in the US National Forest adjacent to Wallace.

Some of the best fishing and hunting can be found just a short drive from Wallace. The Coeur d'Alene and St. Joe river areas have provided enthusiasts with excellent trophies for over 100 years.

Two fine golf courses, the Shoshone Country Club at Big Creek and Pinehurst Golf Course in Pinehurst will challenge the best of golfers. Both courses are open to the public.

Wallace hosts many festivals throughout the year, which brings the local community together with those from many distant places.
